PUBLIC GUARDIAN

The Union County Division on Aging was established in 1973 as a result of the passage of the federal Older Americans Act of 1965. This Act assures that older adults have access to services to maintain their independence and dignity, and to remain in their communities.

Our mission is to promote quality services and to provide assistance to older adults and their caregivers in Union County; to promote awareness of services available; and to address the changing needs of seniors as they age.

Just a call to our office will connect you to services for home care, nutrition, financial assistance programs, visiting dentists and physicians, and much more. Bi-lingual staff available.
