September 8, 2020

I have reviewed the application of Chemtrade Solutions located at 235 Snyder Avenue and find no objections to their request filed August 10, 2020 for minor site plan changes.

The Township Attorney Kraig Dowd, Chris Jepson, PE, and I negotiated an updated discharge agreement on behalf of the Township in early August and the related descriptions provided in the site plan application agree with the finalized discharge agreement and submitted Treatment Works Approval Application.

As such, I see no reason to reject the request of Chemtrade Solutions LLC for their site plan.

Please contact me with any questions.
